Complete Plans For Anniversary

The 250th Anniversary Committee of South Church has announced that the guest minister at the morning worship service Oct. 15 will be the Rev. Richard R. Niebuhr of Harvard Divinity School.

This service will open the week-long program of special events, which will commemorate the founding of South Church Oct. 17, 1711. Mr. Niebuhr's sermon will present a review of the 250 years of South Church life. Other guests will also attend this service.

In the afternoon of Oct. 15, a historical procession from the Phillips Academy campus to the Church and a pageant at the Church will revive significant scenes in its growth.

Tuesday evening, Oct. 17, the anniversary date, will be marked by a banquet in the Church vestry, which will be attended by distinguished guests, representing religious, educational, civic and social

Place, Hours Set For Oct. Primary

Andover will hold its special primary Oct. 24 in only one precinct, with hours for balloting set from 7-7.

All voters will go to the fire station - the usual polling place for precinct one - it was voted by the Selectmen.

Considerable debate went into the decision, with the chairmen of the town's two political committees being consulted by telephone on their preference. Democratic Town Committee vice-chairman James St. Germaine and David Cutler, chairman of the GOP Committee, wanted all polling places open. They felt, as did Selectman Philip K. Allen, that less confusion would develop if voters went to their usual voting place in their own precinct.

However, Town Clerk Irving O. Piper recommended only one precinct be open, commenting that the difference in cost would be

The Selectmen are in a quandry about businesses that are operating in defiance of zoning by-laws.

The problem of law enforcement was dumped squarely in the Board's lap Tuesday, on receipt of a letter from the Board of Appeals asking that violations of the zoning by-laws be corrected. Members of that Board have expressed the opinion that it is embarrassing, on occasion, to deny an application for a use of property, while knowing that someone else is similarly using his property without taking the matter to the Appeals Board at all.

The Selectmen have a list of many alleged violations - some dating back many years, others of recent origin.

But the three members present - Selectmen Philip K. Allen, William Stewart and Russell G. Doyle - have tossed the ball to Town Counsel Fredric S. O'Brien, for his opinion on what the Board

No secret is made of the fact that many business uses are being made of residential property, and that most of these are not non-conforming uses. AT CAMP DRUM - The 94th Division is currently on two weeks' training duty at Camp Drum. These members of the Headquarters Company, Third Battle Group, are with the unit: E4 David M. Fischer, 94 North st., E3 Robert F. Onthank of Holt rd., and PFC William F. Mooney, 26 Burnham rd.

At the moment, the town appears to be enforcing the law when specific complaints are received, mostly concerned with new business activities. But apparently this enforcement stops short of taking legal action.

Building Inspector Ernest N. Hall has pointed out to Town Manager Thomas E. Duff that it is difficult to stop one, or a few, violations, without stopping all.

Mr. Duff told the Selectmen: "Any violation of the law should be stopped, if we know about it". And he promised "Any we are aware of will be stopped".

The extent of the problem seemed to be demonstrated as the members of the Board discussed specific individuals listed as probable violators - showing sympathy for some, and wondering how others have been able to continue in violation.

All agreed that the laws should be enforced, however, in deciding to have the town counsel give an opinion.

Little Stories about Great Hymns

Jesus, Lover of My Soul

Jesus, Lover of my soul,
Let me to thy bosom fly,
While the nearer waters roll,
While the tempest still is high;
Hide me, O my Saviour, hide,
Till the storm of life be past;
Safe into the haven guide;
O receive my soul at last.

As Charles Wesley, the author, gazed out an open window, he saw a song-bird pursued by a hawk. The bird flew in through the window and into the arms of Wesley. It inspired this immortal hymn, so full of hope and trust in the Lord.

Shows begin promptly and no one is admitted after the doors are closed.

Now nearly three years old, the Boston Planetarium is New England's first major theatre of the skies. In that time nearly half a million people have viewed its twinkling stars as they are projected onto the Planetarium dome by the revolutionary Korkosz projector which provides the amazing fidelity of this man-made firmament.

The current show, "Project Moon", takes the audience on a thrilling rocket trip to our nearest neighbor in space and gives a closeup of its landscape and features, while the Planetarium lecturer discusses upcoming U.S. lunar probes and known scientific facts about the moon. "Project Moon" will continue through Oct. 1.

EDITORIAL THOUGHTS

Tribute To Woody

Now that the holiday is over, and most residents have settled down for the fall and winter, let's give attention to one project that we consider specially important - the tribute to be paid to Woody Crowley Oct. 7.

Tickets are available for the event, which will be held at the Andover Country Club.

Through the generosity of the management there, there will be no expense for the evening - thus all the money received from the ticket sales and from purchases at the Club the evening of Oct. 7 will become part of the "tribute."

Mr. Crowley, presently confined at the Veteran's Administration Hospital in Jamaica Plain, was stricken ill weeks ago. He's well-known in the community for his many charitable activities - specially for his work with the March of Dimes and the National Foundation.

Now Woody needs a hand. Let's give it to him.

Appointments, Anyone?

Six months have passed since town meeting - and two unfinished items of business still confront the town manager and Selectmen.

They are the appointments of a recreation director and a town engineer.

The importance of both positions was amply demonstrated at the annual meeting, and as a result, the voters approved money for both.

Neither job has been filled.

But they should be - they should have been filled long ago, in fact.

We should think that these two appointments would occupy an important place on the Selectmen's agenda - it won't be long now before the budgets for the next year are under consideration, and we wouldn't blame any one from wondering what was so important about the positions, when they appear in the budgets for 1962.

Down the Years with The Townsman

50 Years Ago - September, 1911

Mr. and Mrs. Franklin Stacey and son, Alfred, of Brook st., who have been enjoying a short trip through the British Isles, have returned home.

Mr. and Mrs. Winslow L. Knowles of Punchard ave. leave town today for a year's travel to various places, the first of which will be Chicago.

Andrew Basso has moved into his new house on Chestnut st. Daniel Hartigan of F.H. Stacey's pharmacy is having his annual vacation.

Principal Nathan C. Hamblin of the Punchard School has returned to take up his school duties for the fall. He will soon remove to one of the houses built by Hardy and Cole on Chestnut st.

The annual flower show will be held tomorrow. It was originally scheduled to be held on Sunday also, but the Selectmen refused a permit for this because they felt that a flower show would desecrate the Sabbath.

Frank Petty is substituting for Arthur Mears at the Ballardvale station, while the latter is spending several days in Peabody.

25 Years Ago - September, 1936

Three were taken to the Hospital, two other persons were treated locally, and one passenger was unhurt in a spectacular crash in West Andover last night. A car, after hitting another vehicle, swerved across the highway at the Wild Rose dairy and smashed into a pole. The car caught on fire. Power was cut off in the area, as wires came down after the impact.

A four-day festival will be held the last four days of next week on the grounds of St. Augustine's School. Proceeds will be used to help pay for renovations and repairs in the convent.

A civic movement started in Shawshen Monday night, designed to get a playground facility located there. The committee already has been active in raising funds, with which it is hoped playground equipment can be purchased.

The Andover Athletic Association was formed Monday night, at a meeting in the town hall.

J. Everett Collins is serving as the president. The Association will concentrate on football for the time being, with plans already formulated for the scheduling of some games and finding a coach.

The Square and Compass Club rooms have been repaired and renovated this summer, and are now available for the use of members.

The final tabulation of the straw balloting for president, carried on in the Townsman for several weeks, is Landon 233, Roosevelt 17. Anyone wishing to vote may still do so, and the results will be sent on to New York for tabulation in the country-wide vote.

10 Years Ago - September, 1951 Public and parochial schools opened this week, with the highest combined enrollments in the town's history, 2,106. More than 500,000 people have been helped by the electronic miracle: Puritron! They feel better, work better, breathe cleaner purer air.

Ask your family doctor or allergist about Puritron. More than half-a-million people swear by it. They say it helps. How? Electronically: without window, vent or fan. It pulls in air heavy with pollen (smoke, dust, grease and odors, too). Filters it. Passes it over special electronic tubes. Then out into the room: with these irritants removed. You breathe cleaner, purer, fresher air. You sleep better, feel better with a Puritron around. Portable: plug it in. Get it for a **\$39.95** 10-day trial.

PLEASE

"A few weeks ago I saw a little girl struck by a car as she tried to cross the street. I saw a father race toward her and hold her to him as she struggled in the agony of death. I saw all the plans he had made for her crumble, and I saw the look of despair that came over his face. I could only offer a prayer that such a thing might never happen again.

"Today my daughter, who is six years old, started off to school. Her cocker spaniel, whose name is 'Scoot,' watched her leave and whined his belief in the folly of education.

"Tonight we talked about school. She told me about the girl who sits in front of her, a girl with yellow curls, and about the boy across the aisle who makes faces; about the teacher who has eyes in the back of her head; about the trees in the school yard, and the big girl who does not believe in Santa Claus.

"We talked about a lot of things, some important, some unimportant.

"Now, as this is being written, she is sound asleep with her doll 'Paddy' in her arms.

"When her doll gets broken, or her finger gets cut, or her head gets bumped, I can fix them. But when she starts to cross the street, then Mr. Driver, she is in your hands.

"Much as I wish I could, it's not possible for me to be with her all the time. I have to work and pay for her home, her clothes and her education.

"So, Mr. Driver, please help me to look out for her. Please drive carefully. Please drive slowly past schools and at intersections. And please remember that sometimes children run from behind parked cars.

"Please don't run over my little girl."

SET PLACE, HOURS FOR PRIMARY

(Continued from Page One)
fairly substantial. No funds had been appropriated for a special election, he noted, thus making it

important to consider the financial factor.

Selectmen William Stewart and Russell G. Doyle - the only others present at Tuesday night's meeting - voted to confine the primary to the one voting place,

after receiving assurance from Mr. Piper that he would have extra help ready for use if it is needed.

He plans to have the town's six wardens man the polling place, at their normal salary of \$21 for the day. If extra help is needed during the day, it would be paid for at the usual rate of \$17; and if additional counting help is needed after 7 p.m., this is paid for at the rate of \$3 per hour. Mr. Piper noted that men being paid for the day's work might be inclined to finish up the counting more quickly than would those being paid on an hourly rate.

The special primary will choose nominees for state representative in the Fifth Essex District. The vacancy occurred when Frank S. Giles resigned his seat to accept the post of state safety commissioner.

There are a number of candidates for the nominations, and the possibility increased this week that at least one man may seek election as an independent. This can be done by acquiring signatures amounting to three percent of the total vote for governor in the district at the last state election. The individual then is voted on at the special election, without facing the necessity of running in the primary.

Dorothy Easton Enters Bryn Mawr

Bryn Mawr will begin the work of its 77th academic year Tuesday, Sept. 26. Miss Katharine E. McBride, president of the College, will speak at an assembly on that day to members of the faculty, the graduate school and the undergraduate college.

He plans to have the town's six

the day, it would be paid for at
the usual rate of \$17; and if
additional counting help is needed

The special primary will
choose nominees for state repre-
sentative in the Fifth Essex Dis-
trict. The vacancy occurred when
Frank S. Giles resigned his seat
to accept the post of state safety
commissioner.

There are a number of candi-
dates for the nominations, and the
possibility increased this week
that at least one man may seek
election as an independent. This
can be done by acquiring signa-
tures amounting to three percent
of the total vote for governor in
the district at the last state elec-
tion. The individual then is voted
on at the special election, without
facing the necessity of running in
the primary.

"Academic" Discussion On Rogers Brook

The Selectmen spent a few minutes Tuesday night discussing Rogers Brook, but agreed that it was only an "academic" discussion at best.

As they once again reviewed the cost estimates, and the money available through local and state agencies, the members couldn't offer any specific program for the future.

Noting that the state auditor is supposedly reviewing the state Division of Waterways books, with the intent of finding out whether funds have been encumbered for various projects, it was decided to forego further discussion. The auditor is due to complete his work about Sept. 11, according to Selectman William Stewart, and this should give the town a chance to find out where it stands financially.

According to reports last week, the state agency has promised to provide a lot more money than now appears to be available. At least, the acting director of the agency commented that "no one knows" where the money is, or if it is available at all. He agreed, however, that the state can provide \$175,000 of matching funds at any time.

At the meeting Tuesday night, Selectman Stewart felt that the town should see what can be done with the lesser amount - and Town Manager Thomas E. Duff recommended that the money be obtained from the state.

There has been a local movement to have the brook cleaned out, without resorting to the use of state funds. Duff said he believes it would be wrong to turn the town's back on the town-state relationship at this time, because some funds have already been spent on preparations for the project, by both the state and the town.

In his report, Duff also forecast additional problems for Rogers Brook, as various developments are built, and add drainage.

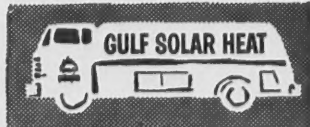

Selectman Stewart wanted to know why the developers could not be held responsible for whatever extra problems their work causes - and it was agreed that the town counsel should be asked about the legality of requiring developers to provide off-site facilities, or pay for part of the cost of the facilities.

CATCHES BIG BASS AT HAGGETT'S POND

Anyone beat this? Al Rodman of Haggett's Pond rd. pulled a 20-inch big-mouth bass out of Haggett's Pond last weekend, after the fish struck at an imitation night crawler. Rodman said the catch, the biggest in his memory at the Pond, ran about 4-5 pounds.

Mr. and Mrs. Winford Farr and sons of Hall ave. spent the holiday weekend at Higgins Beach, Me.

24-Hour Patrol Of Route 93

An around-the-clock patrol of Route 93 will be carried out by state police, following the transfer of five troopers to the local barracks.

Commissioner Frank S. Giles ordered the patrol, which resulted in the following troopers being transferred: Carl J. Vets, Thomas J. Cain, Richard N. Loind, Richard J. Powers and Anthony J. Grillo.

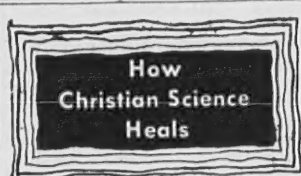

Giles also said his office is recommending to the Telephone Co. that it install telephone booths along the route. The recommendation came after a survey conducted by Lt. Col. Carl Larson of the state police.

Jaycees Want New Members

The Andover Jaycees held an executive meeting recently at the home of Charles H. Wesson Jr., 38 York st., to set up a calendar of activities for the coming year. This will be published at a later date after approval of the general membership.

The current program contains so many worthwhile projects that it is necessary to stimulate a drive for new members, men from age 21 to age 35, interested in helping themselves and the community. The drive will continue until Oct. 15 when it will culminate with a gala social to welcome the new members.
